

daoun / fromm:

djsets!

Madrid - Spain

Daoun began like dj in 1994 in small underground clubs of the capital of Spain. He has realized diverse projects since like: Aura, Danceteria, Morpheus, Gourmet, Dübnois...in that one was giving importance to the sound most focused on the dancing floor. His djsets! have removed the bpm's of events as Eñimera, Sonikas (three ed.), GoaClub, Observatori 03, Domus Artium (DA2)... His better weapon is the tecno-electro (Clubs) and the abstract/experimental electronics (Museums and Cultural Centers).

Fromm: has realized diverse topics in references like ++ sensor003, ++ sensor010 and Medusa VVAACd, giving him an experimental touch to his offers, with which at the moment, he does not realize concerts.

Actually, he continues acting like dj in clubs of Madrid, also he created within M.Lastra and Angel Galán NetLabel-Platform addSensor, where they promote the audio-visual arts, carrying out events and conferences all over the country.

In addition co-produces Medusa Label (Deep Electronic Laboratory).

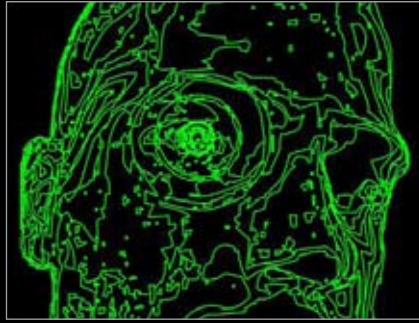

#### SPANISH BELOW

Daoun comenzó como dj en 1994 en pequeños clubes underground de la capital de España. Ha realizado diversos proyectos como fueron: Aura, Danceteria, Morpheus, Gourmet, Dübnois...en las que se daba importancia al sonido más enfocado a la pista de baile. Sus djsets! han removido los bpm's de eventos como Eñimera, Sonikas (tres ed.), Goa-Club, Observatori 03, Domus Artium (DA2)... Su mejor arma es el tecno-electro (Clubs) y la electrónica abstracta/experimental (Museos y Centros Culturales).

Fromm: ha realizado diversos temas en referencias como ++sensor003, ++sensor010 y Medusa VVAACd, dándole un toque experimental a sus propuestas, con las que de momento, no realiza conciertos.

En la actualidad, sigue actuando como dj en clubs de Madrid, además creó junto a M.Lastra y Angel Galán la Plataforma-NetLabel addSensor, donde promueven las artes audiovisuales, llevando a cabo eventos y conferencias por todo el país.

Co-produce también el Sello Medusa (Profundo Laboratorio Electrónico).
